MRI earplugs 36 dB refill bags (500 pair)

Eco-friendly

Soft in shape and strong in performance

Made from skin-friendly PU stretch foam
they sit comfortably even in sensitive ears.

The plugs are anatomically shaped (conical shape).

They are rolled tightly between your fingers
and then held in the ear canal by the expansion.

The restoring forces of the material ensure a gentle
Print for a perfect fit in the ear.

These earplugs have excellent sound insulation values.

The high insulation (36 dB SNR) ensures great protection
against harmful noise even in very noisy environments.
