Browiner
Make X-ray Easier

Beatle-06P

Emer DR

Compact and Flexible

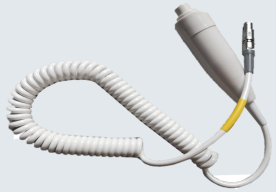

Standard Configuration

Beatle-06P

Flat panel detector

Wired hand switch

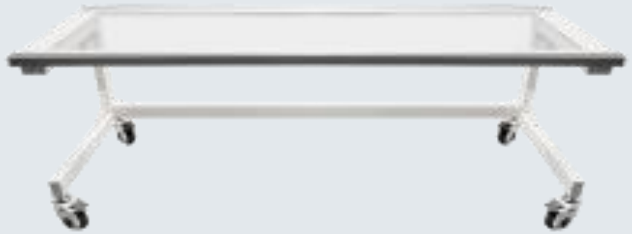

Remote control

Browiner

Accessory for Option

Mobile chest stand

Simple mobile flat bed

FPD protector

DAP

Browiner

Components

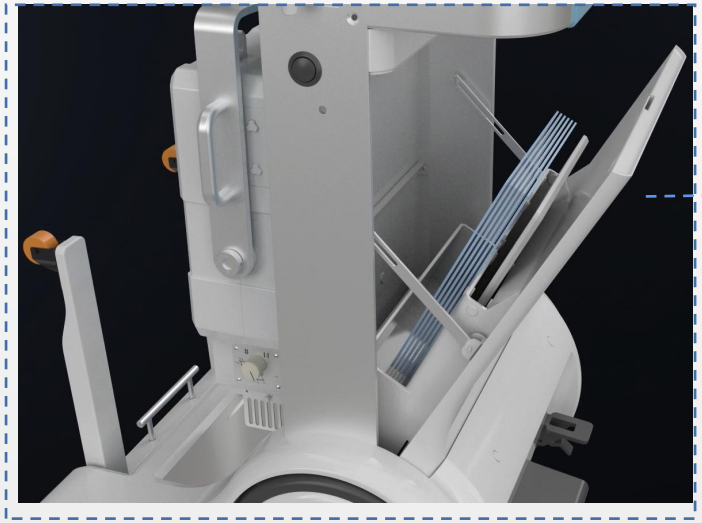

Cabinet for power cable

Browiner

Components

Retractable cabinet

Handle
Drive the system

Retractable cabinet

Brake pedal

Touch interface

Browiner

Main X-ray Unit

Browiner

Powerful Output

5.6 kW

125 kV

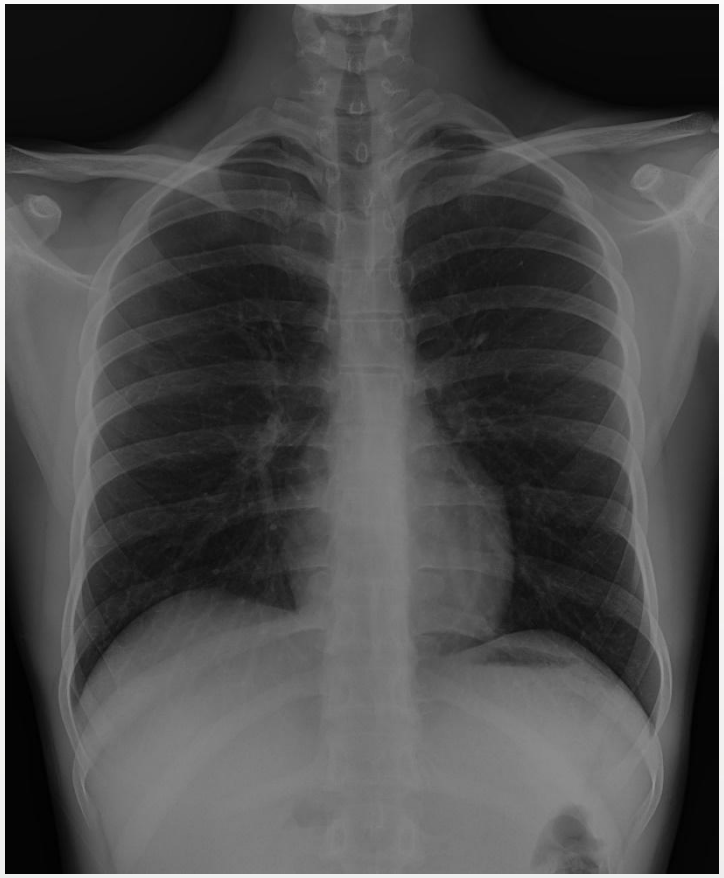

100 mA

- High power output meets radiography requirement of different patient sizes.
- High frequency inverter keeps stable X-ray output constantly.

Browiner

High Performance

Browiner

Light in Weight

- Weight: **90kg**
- Easy to transfer between hospital and emergency site through an ambulance or even vehicle

Browiner

Compact Structure, Small Footprint

- Front wheel can be folded and retractable cabinet design
- The body size is only about **1/3** of the ordinary mobile DR

Browiner

Great Forward Visibility

- The height of the system is only **143cm**
- The outside portrait can be rotated
- Clear line of sight while moving the system

Browiner

Highly Security

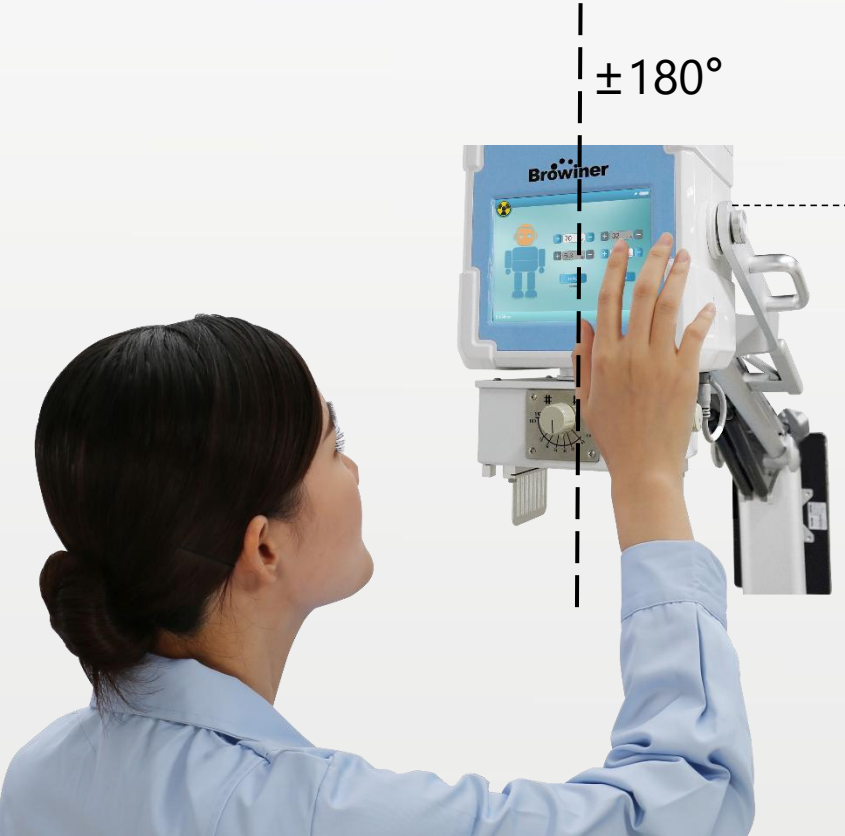

Retractable cabinet with locking system guarantees safety of detector.

Browiner

Flexible Movement

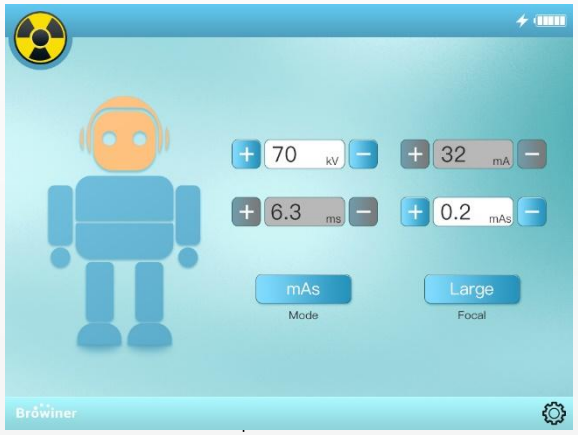

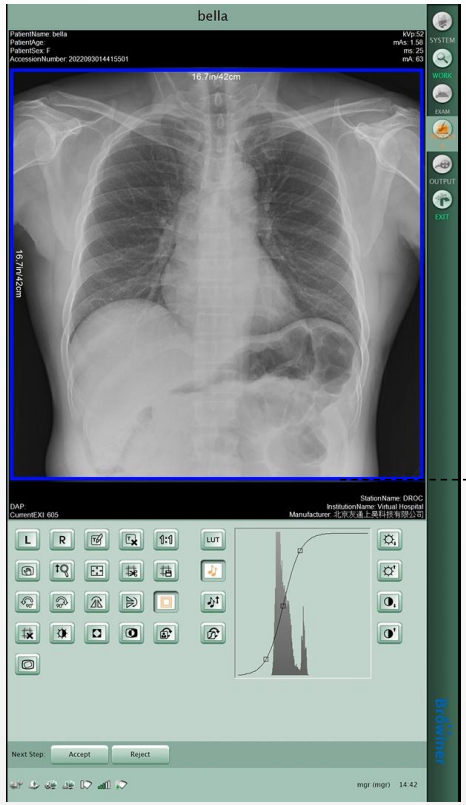

Max SID
2000mm

Browiner

Dual Touch Screens

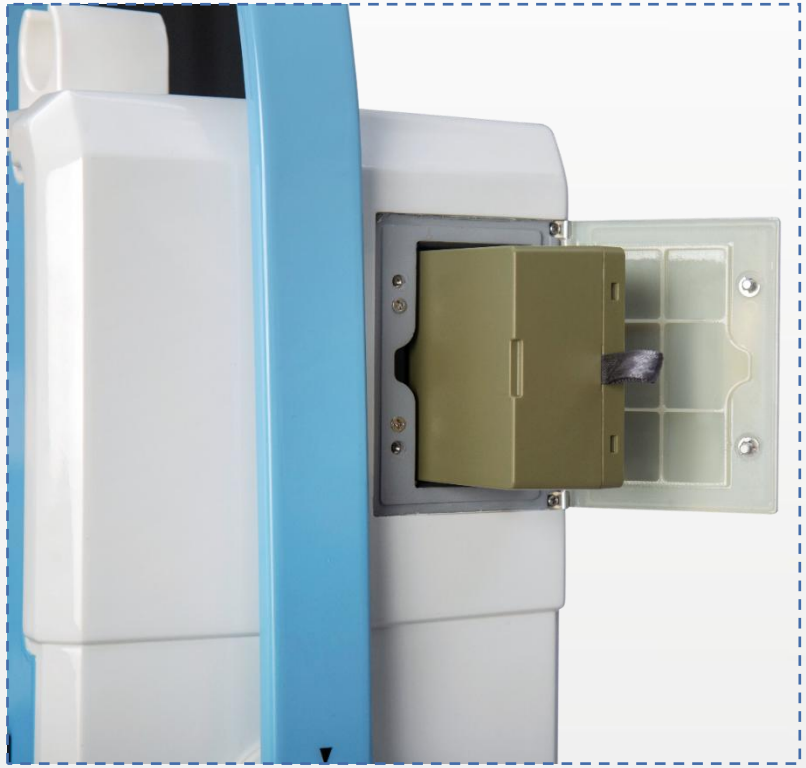

- **Dual operation mode**
  - ➢ 8 inch visual touch screen
  - ➢ 15.6 inch image workstation

Replaceable Battery

- Work both from mains and battery power
- Large capacity replaceable lithium battery
- More than **100 times** exposure in full charged (chest film)

Browiner

Dual Exposure Modes

Hand switch

- Wired connection

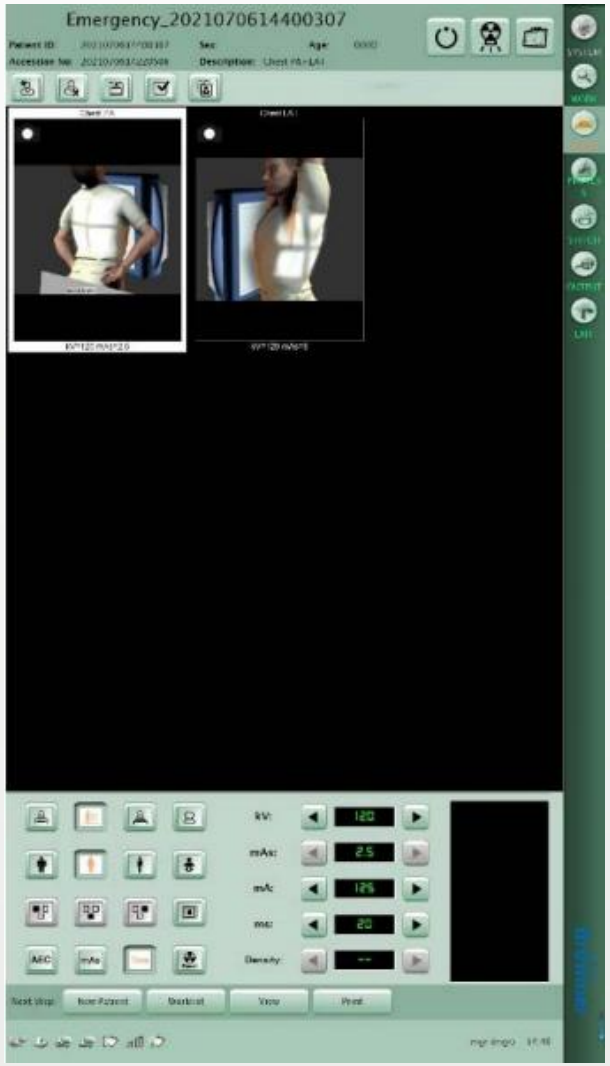

Remote control

- Bluetooth
- Signal receiving distance up to 30 meters

Browiner

Efficient Acquisition

User-friendly interface, intuitive and simple operation improve the workflow efficiency.

- Preset parameters
- 4 patient sizes
- HIS/RIS
- Multiple APR
- Positioning instruction
- Emergency registration

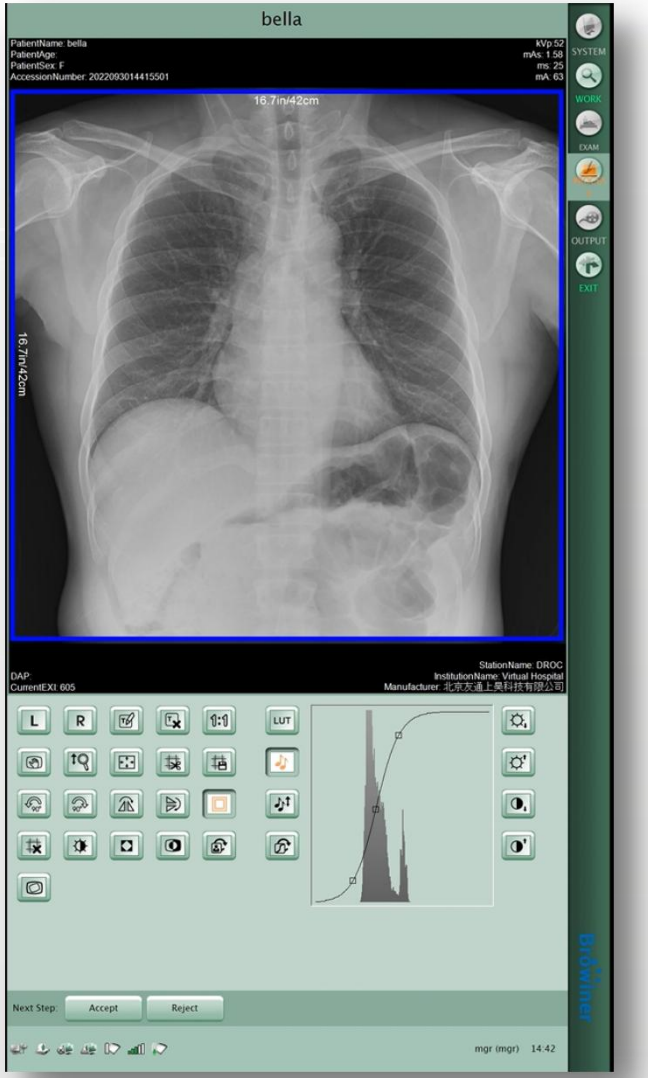

4 patient sizes

Browiner

Professional Processing

Rich image processing functions.

- Rotate
- Overturn
- Window width
- Clipping
- Brightness
- Contrast
- ROI
- Image preview
- DICOM 3.0
- PACS
- Large storage

Browiner

Applications

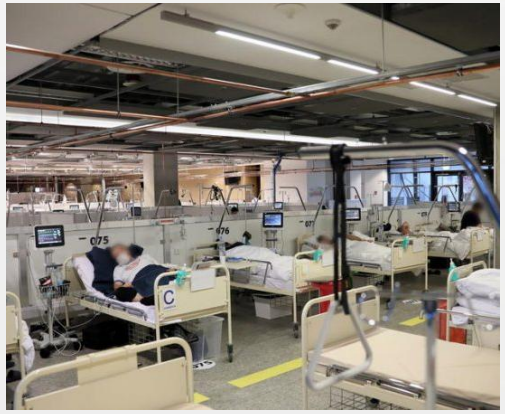

Ward

ICU

Ambulance

Temporary hospital

- X-ray room
- ICU
- Ward
- Orthopaedic
- Emergency room
- Neonatal paediatrics
- Community health center
- Temporary hospital
- Pet Clinic
- … ….

Browiner

Advantages

- Work both from mains and battery power
- Compact structure, small footprint
- Light weight for easy movement
- Large SID to meet all the needs
