ZARYS

comprehensive solutions for healthcare providers

2027

product catalogue **2027**

We are a manufacturer of disposable medical equipment and a provider of comprehensive healthcare solutions. Established in 1989 as a small family-owned business, today we ensure that **our products reach every place where they are needed.** We are building our international presence through subsidiaries across Europe and a dynamic export team. We supply hospitals and medical institutions, delivering medical devices to more than 70 countries worldwide. ZARYS meets even the most demanding needs of customers **around the globe.**

solutions
made in Poland

Our modern production facility in Zabrze features two key areas:

- **Cleanroom – 600 m²**: a controlled environment dedicated to the production of sterile surgical and procedure kits, ensuring the highest standards of cleanliness.
- **Sewing Facility:** dedicated to the production of high-quality medical and protective clothing, hospital linens, and personal protective equipment.

600 m² cleanroom

ZARYS

Comprehensive Portfolio

Our clients benefit from product groups that ensure **complete supply for healthcare facilities:** from basic medical devices, medical gloves, dressings, and surgical drapes, to advanced surgical kits, and procedure packs.

How do we ensure the availability of medical devices?

The ZARYS logistics center is located in the Katowice Special Economic Zone and is the largest warehouse of single-use medical equipment in Central Europe. A team of 150 employees ensures efficient order processing, preparing an average of 100 shipments per hour.

ZARYS products are used daily in thousands of hospitals worldwide.

200 000
orders annually

vaginal speculum
Cusco type
