Palm-sized Precision, Clinic-grade Clarity

SE-310 3-Channel ECG

EDAN

SE-310 3-Channel ECG

Combines lightweight with compact design, SE-310 is the ideal tool for healthcare professionals on the go. Whether in clinics, GP offices, or rehabilitation settings, this portable device offers an instant, precise diagnostics.

In addition, the flat panels feature a smooth surface for effortless cleaning and disinfection. Its minimalist form allows for quick and thorough sanitization, ensuring the highest standards of hygiene are maintained in every scenarios.

Lightweight and Portable Design

Full Touch Operation

Aluminum handle (Optional)

Extraordinary Performance

High CMRR

A high Common Mode Rejection Ratio up to 140 dB restrains signal noises to the greatest extent, thus offers you traces with excellent quality.

Wide Bandwidth

A wide bandwidth from 0.01 to 500 Hz guarantees the accuracy of the ECG signal as well as the interpretation especially for pediatric patients.

Precise Sampling

The leading sampling rate as high as 128 kHz aims at capturing all the details to generate precise result.

Signal Quality Indicator

By showing different colors to indicate normal, poor or missing signals, this function helps you to identify the signal quality even at a glance.

Reliable ECG Algorithm

SEMIP ECG algorithm offers an accurate and reliable reference to maximize clinicians' confidence in making diagnosis.

On-Screen Diagnosis

Comprehensive diagnostic tools improve clinicians productivity, reduce time spent on diagnosis and let them focus on the patients.

Seamless Connectivity

SE-310

3-Channel ECG
