MIMSAL

MEDICAL LIGHTING

MIMSAL is a specialized lighting solutions supplier for the healthcare sector. We offer a wide range of luminaires designed to satisfy the diversity of the end-user needs and for each activity sector, by offering technical advice and commercial support to the professionals and prescribers of the healthcare sector.

Our products are engineered for easy mounting, with modern electronic components and light sources for the best energy efficiency and economy.

Our products and solutions are manufactured and certified in accordance with the Regulation (EU) 2017/745 of the European Parliament and of the Council on medical devices.

MIMSAL complies with the quality certification ISO 9001 and ISO 13485.

MIMLED 1000
MIMLED 600

Compact LED **Surgery lamp.**

Versions

MIMLED 1000
100.000 lux at 1 meter

MIMLED 600
60.000 lux at 1 meter

Homogeneous illumination

Each LED module illuminates the surgical field independently. The result is a shadow-free and homogenous light field over a large depth of illumination even when operating directly under the luminaire.

Light control with endo mode

While most compact medical luminaires cannot be operated at reduced brightness, the MIMLED offers a wide range of brightness options down to only 10.000 lux.

Color rendition / Temperature

The lights provide a high color rendering index (CRI) of over 95 for optimal tissue contrast. Especially red color tones are reproduced with the highest fidelity (R9 > 90) and enhance the visualization of the surgical field. The MIMLED have a fixed color temperature of 4.000 K.

Design & handling

The compact and rounded shape of the luminaire reduces drag in OR with laminar flow systems and keeps the operating field sterile. Separate light controls for sterile and non-sterile users ensures intuitive and safe handling.

Turn on the light and control the brightness by simply turning the blue sterile handle.

MIMLED 1000

Technical Details	
Illumination at 100 cm	10.000 to 100.000 lux in ten steps
Number of LEDs	15 LEDs
Useful life	≥ 60.000 hours
Total irradiance	390 W/m²
Power consumption	33 W
Color temperature	4.000 ºK
Light field diameter at 1 meter	210 mm
Light field diameter $D_{50/10}$	140 mm / 210 mm
Color rendering	≥ 95% R_a / ≥ 90% R_9
Power supply	100/240 V - 50/60 Hz

Adjustable light intensity
integrated in the grip

LAMP FOR EXAMINATION

MIMSAL

MS CEILING
MS CEILING PLUS

Minor surgery and advanced exploration luminaire designed to be ceiling mounted. The lamp incorporates a LED light source and a highly precise articulated arm that allows the luminaire to be adjusted in any position.

The quality of the materials used in its manufacture makes it especially suitable for **intensive use in surgery and examinations.**

Versions

MS CEILING
45.000 lux at 50 cm
On/Off version

MS CEILING PLUS
65.000 lux at 50 cm
Adjustable light intensity version

Exceptional quality of LED light

The powerful LED light source offers exceptional light quality and a lifespan of more than 60,000 hours.

The high performance of the color Ra 97% depicts the exceptional quality of white light for an excellent distinction of fabrics, reproducing all visible colors, naturally and precisely.

Ergonomic design

The circular shape of the head and its handle in the lower part facilitate its exact positioning, fulfilling the ergonomic requirements for any use.

Designed with clean and soft shapes which facilitate hygiene and cleanliness in medical environments.

Ceiling Support

The ceiling support is included. It is manufactured specifically for the MS CEILING family lamp.

The MS CEILING family lamp is not compatible with any other accessory.

It is designed to be installed in ceilings up to 3 meters.

MAGNIFIER LAMP

MIMSAL

LUPA LED H.F

LED magnifier with **round lens**, Lupa LED H.F is **intended when performing any meticulous work in need of great accuracy.** It is ideal for hospitals, measurement studies, laboratories, aesthetic clinics, etc.

Functionality and performance

Generates a light without dark spots.

Internal spring balanced arms that allow different positions.

Switch on the head.

Round head with convex lens, adjustable and simple mechanism.

Cleaning and Safety

Head exempt of heat.

Protective cover on the head with hinge mechanism to prevent from dust and scratches that may damage the lens.

Economy

High performance, low power 8 W.

Long life, 50,000 hours. Durable

materials.

Very low maintenance costs.

Mounting Options

The standard version includes AH table clamp.

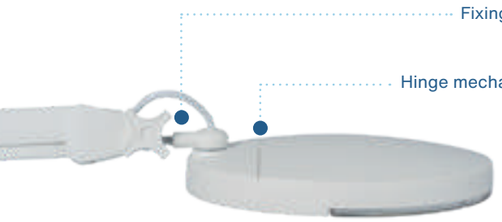

As for accessories, we offer a wide selection of supports such as wall supports, wall extension arms, trolley stands and rail brackets.

MAGNIFIER LAMP

MIMSAL

LUPA H.F

Cold light luminaire with magnifying lens,
essential for high precision work.
An ideal use for hospitals, medical centers, laboratories and aesthetic clinics.

Light Source

Low consumption 22W circular fluorescent tube.

Produces a light without dark spots and does not overheat.

Lifetime of 10.000 hours.

Functionality and performances

Adjustable height articulated arm that allows easy movement in different positions.

Head with biconvex circular lens of 5 diopters, adjustable and simple mechanism.

Switch on the head of the luminaire.

Security and hygiene

Head with protective cover to prevent dust or scratches that may damage the lens.

Mounting Options

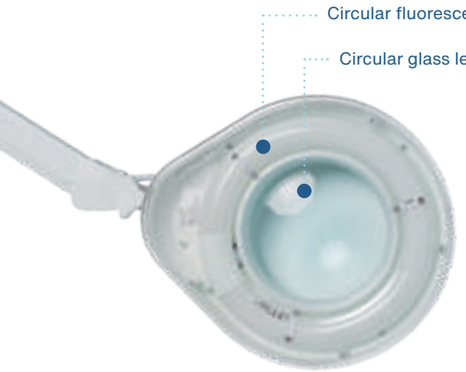

Standard version includes AH table clamp.

As for accessories, we offer a wide selection of supports such as wall supports, wall extension arms, trolley stands and rail brackets.

LAMP FOR EXAMINATION

MIMSAL

LS LED

LS LED is an **examination lamp.** The luminaire is mounted with a **highly precise articulated arm** and it is manufactured with a metal structure.

It is specially designed to be used in **examination procedures.**

Non-medical device.

Easy to use

Adjustable height articulated arm that allows easy adjustment in different positions, provides a long reach and maximum vertical and horizontal movement, and always remains in the correct position.

Switch located on the connection cable.

Simple and durable

Metallic structure, manufactured with durable materials and with very low maintenance costs.

Mounting Options

The standard version includes AH table clamp.

As for accessories, we offer a wide selection of supports such as wall supports, wall extension arms, trolley stands and rail brackets.
