
REHABED
...our ideas your comfort
MANUFACTURER
of rehabilitation beds

ABOUT US

REHA-BED LTD.

is a Polish, family owned company and your reliable partner with more than 20 years of expertise in the manufacture of care and hospital beds.

MANUFACTURE

is based on many years of experience of our employees and modern, world-class equipment.

HALLS AND WAREHOUSES

have a total area exceeding **5 500 m2.**

LOGISTIC

efficiently manages planning and supervises delivery of goods around the world.

R&D DEPARTMENT

composed of qualified designers, engineers and constructors.

CUSTOMER SERVICE

provides professionalism, patience, and a “people-first” attitude.

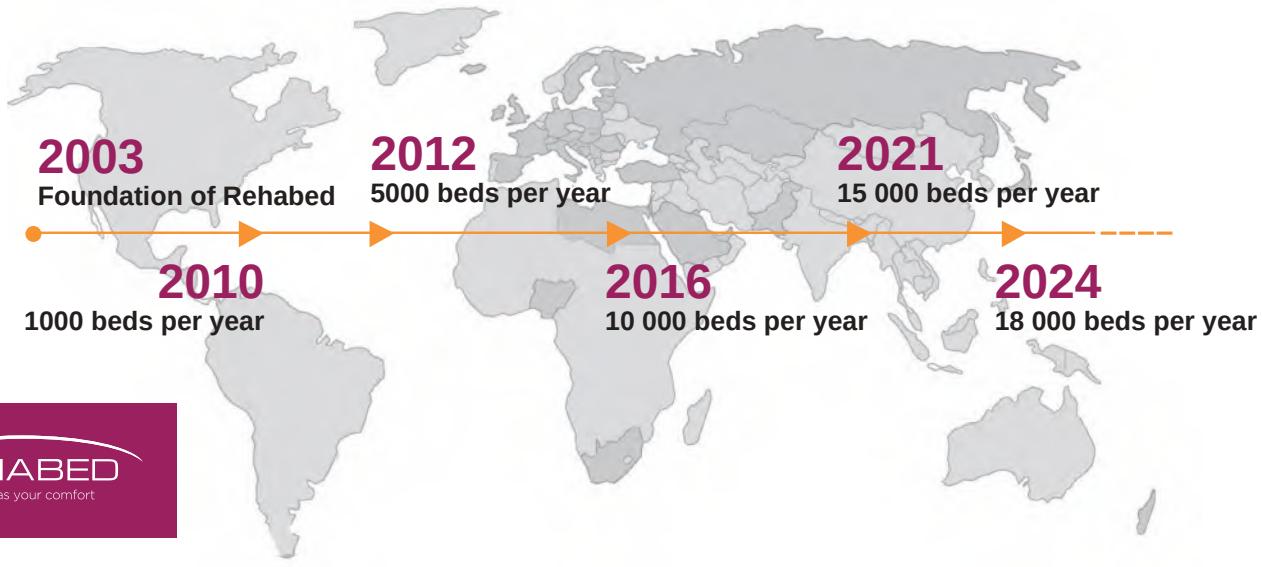

QUALITY MANAGEMENT

Our company has a management system certified in accordance with the international standards.

REHABED
...our ideas your comfort

ACTIVITY

We take part in different international conferences and fairs. We constantly develop our network of customers.

OUR PRODUCTS

REHABILITATION BEDS

are the main branch of our production. Years of experience, together with continuous desire to development, allowed us to create many types of beds – according to our customers needs.

TAURUS 2 04-06
Electrically operated, four-column construction, wide range of models.

TAURUS 2 MINI 07
Electrically operated, four-column construction, decreased dimensions

LEO 08-09
Electrically operated, pantograph construction

PEDIATRIC BEDS - dedicated for young patients 10
Compact dimensions, a child-friendly color scheme and a range of solutions enhancing safety.

BARIATRIC BEDS - for patients with increased body mass 11
Increased maximum working load and wide mattress platform – 120cm.

HOSPITAL BEDS 05, 09
Electrically operated

RECLINERS

ASTER 12
Mechanically operated

ASTER ELECTRIC 12
Electrically operated

BEDSIDE CABINETS

VIRGO 13
Double-sided bedside cabinets with side table option

LIBRA 13
Compact bedside cabinet with slide out table

BEDSIDE TABLES 13
L-Style

FURNITURE

We provide complex interior furnishing for care institutions

WARDROBES 14
made of furniture board, dedicated for one or two persons

CUPBOARDS 14
made of furniture board, dedicated for one or two persons

CHAIRS 14
designed and made for elderly people

TABLES 14
according to individual needs, eg. 90x90cm

MATTRESSES

ANTI-BEDSORE WITH LAYERED FILLING AND MATTRESSES WITH FOAM FILLING 15

ADDITIONAL EQUIPMENT

ACCESSORIES FOR REHABILITATION BEDS 16

TAURUS 2 beds

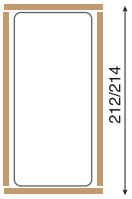

TAURUS 2

Four-column construction / Lowered position of side rails / Easy to storage and transport / Comfortable and safe lowering of side rails

215
max. working load

2
years guaranty

STABILITY
Taurus 2 beds have a new, **four-column construction**, increasing the stability of the bed. The main frame and mattress platform are made of steel, powder-coated profiles.

FUNCTIONALITY
The bed's construction allows for setting the mattress platform in various positions and mounting additional equipment.

COMPACT DIMENSIONS
Overall lenght is only
212 / 214cm
(depending on the model - page 05).

COMFORT OF USE
Comfortable lowering of the side rails
(using a button located on the bed rail).

The side rails, when lowered, do not press on the patient's legs while sitting or standing up.

10-FUNCTION REMOTE CONTROL
Control of the bed functions with an ergonomic remote, which has the ability to lock functions.

EASY TO TRANSPORT
and storage due to transport stand system.

beds TAURUS 2

ACTUATORS
DEWERT actuators

BED ENDS
made of laminated board and solid beech wood

FOUR-SECTION MATTRESS PLATFORM
made of easy to disinfect metal slats or highly-elastic wooden slats.

SOCKETS
enable assembly of additional equipment - lifting and transfusion pole.

CASTORS
Four metal castors from world renowned producer - TENTE (individual brakes provided as standard)
