Quality Made in Germany

Shaping the future of ENT care
smarter, safer and beyond limits

About Us

WELCOME TO OUR INSTRUMENT CATALOG

Before you immerse yourself in the world of our "MADE IN GERMANY" instruments, allow us to offer a brief glimpse into our success story.

What began as a modest trading company three decades ago has since developed into a globally recognized manufacturer of top-tier ENT instruments and consumables.

Our history is defined by a profound dedication to ENT surgery, healing practices, and continuous growth. Our passion resonates perfectly with the physicians, specialists, and medical professionals who are integral to our network and innovative spirit.

Another vital aspect of our success is our employees, some of whom have been with our company for decades. Their expertise and unwavering dedication have empowered us to collaborate with you in developing and consistently enhancing new products.

In 2020, SPIGGLE & THEIS Medizintechnik GmbH was primarily acquired by Thyssen'sche Handelsgesellschaft, ensuring the company's continued expansion while prioritizing our innovative capacity and commitment to quality. With this robust partnership at our side, new horizons have emerged, accelerating the realization of our visions and enhancing our ability to meet customer demands more efficiently.

This catalog showcases premium instruments tailored to the needs of our clients and partners in the field of ENT medicine. We hope you discover the perfect instrument that meets your requirements and allows our commitment to quality to speak for itself.

Thank you very much for your loyalty and trust.

These scissors are ideally suited for opening ethmoidal cells while keeping the mucous membrane largely intact.

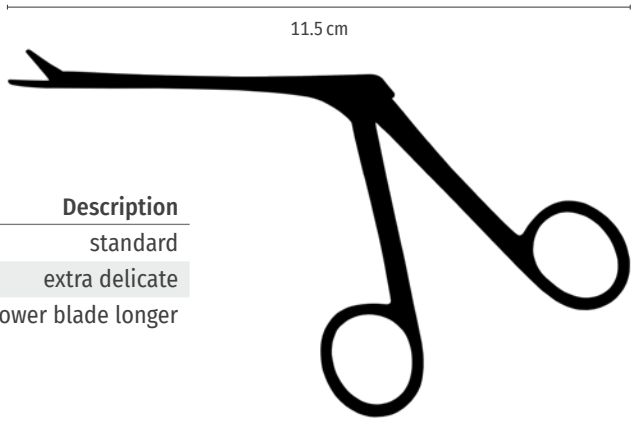

The super-fine and elongated lower blade ensures that the mucous membrane of the ethmoid bone is "punctured" and not "pushed forward."
